
TERMS OF GUARANTEE

1. VAL CONTROLS A/S undertakes for a period of 24 months, either on their own or through an appointed third party, to repair free of charge at VAL CONTROLS A/S' address any defects due to construction, material, or production faults. This guarantee applies to standard products for which VAL CONTROLS A/S has a general list price.
2. The purpose of the repair is to remedy disturbances in the functioning of the standard products sold. VAL CONTROLS A/S is entitled to use spare parts of their choice. VAL CONTROLS A/S is also entitled to replace the entire product being repaired.
3. Any repair shall take place at the address of VAL CONTROLS A/S or at a third party appointed by VAL CONTROLS A/S. Freight charges are to be paid for by the customer and any transportation to and from VAL CONTROLS A/S or the appointed third party is at the risk of the customer. If the customer requests repair at the place of use, VAL CONTROLS A/S is entitled to charge the customer according to the price list and the standards normally used by VAL CONTROLS A/S at the time of repair.
4. In case VAL CONTROLS A/S does not fulfil the obligations when carrying out the repair, VAL CONTROLS A/S shall remedy the insufficient repair at its own cost within reasonable time after receipt of the customer's complaint. VAL CONTROLS A/S' liability for insufficient repair cannot exceed DKK 10.000 pr. product repaired. VAL CONTROLS A/S shall not under any circumstance be liable for loss of production, loss of profit, or any other consequential damage or indirect cost.
